

GIORIK

INNOVATIVE COOKING EQUIPMENT SINCE 1963

Steam box EVOLUTION R

SERE102W

Combi Electric Oven - 10 GN 2/1

10 full-size sheet pans
20 half-size pans, or 20 steam table pans

Giorik Steambox Evolution R-series is the combi oven that provides maximum flexibility using dry heat, moist heat, or any other combination without the use of a boiler system.

The OneTouch interface enables users to save time by starting up their favorite recipes in just one action. The oven is capable of saving cooking programs, which can be selected from the existing programs provided by Giorik or created by entering personalized settings. All these can be activated directly from the OneTouch screen in one simple move.

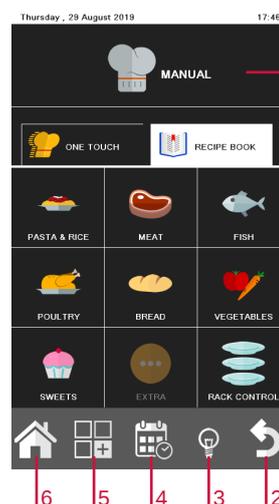

The Steambox Evolution R-series comes standard with a 7" Touch Screen Control interface and hundreds of preset cooking programs with a full array of menu selections. Each cooking program can have up to 9 phases that can be adjusted depending on user experience.

Standard 1 year parts & labor warranty

TECHNICAL FEATURES

- Steam production by direct injection
- SuperSteam: two levels of humidity in the cooking chamber
- Large 7" Touch Screen Control
- Ability to store over 1,000 menu items
- Heating of cooking chamber with high performance INCOLOY heating elements
